

# 10282 adidas Originals Superstar LED lighting Kit (Standard Version) LG69

**Instructions for installing this kit:**

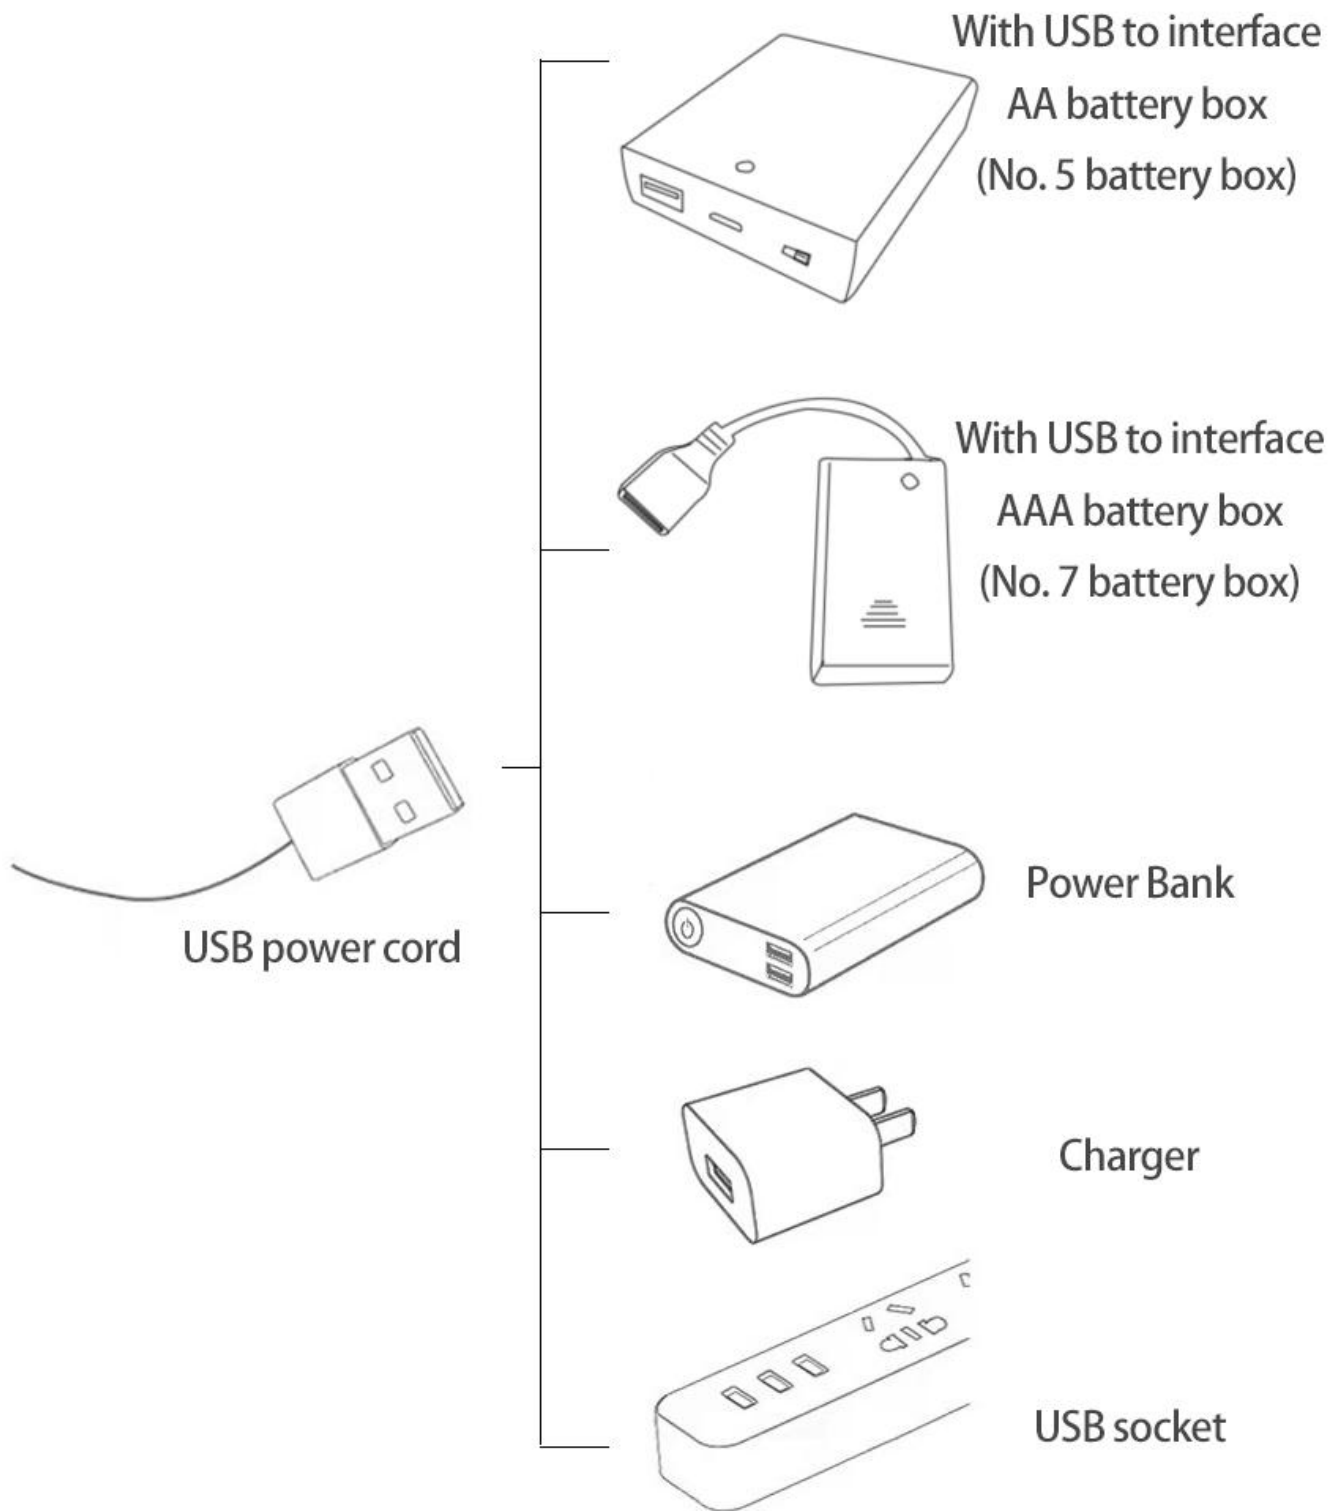

**All parts and components used in the manual are samples, and the pictures may be different from the actual ones, and the installation will not be affected under normal circumstances. If there is a problem, please contact us in time.**

**Power supply mode:** USB power cord (please bring your own power supply).

It can be energized through a USB battery box (please pay attention to the positive and negative poles of the battery), power bank, mobile phone charger or USB socket. The normal voltage is 3-5V.

# USB connectors to connect devices

There are a total of 2 bags of this product, and AAA Battery Pack is a gift. (The battery is not provided in this product, please bring your own)

### Lighting test:

Take out the accessories inside (accessories include: 1 AAA Battery Pack, 1 30CM USB power cord, 1 4-Port Expansion Boards). The following power supply methods use AAA Battery Pack (please bring your own battery).

Take out the AAA Battery Pack.

Turn the AAA Battery Pack over and open the power cover.

Install the battery, and then restore the power cover. (Pay attention to the positive and negative poles of the battery)

Flip the AAA Battery Pack back to the front and take out the 4-Port Expansion Boards.

Remove the seal on the 4-Port Expansion Boards.

Connect AAA Battery Pack to 4-Port Expansion Boards.

Take out all the lighting accessories in the "1" bag.

Connect lighting decorations to 4-Port Expansion Boards.

Turn on the power switch of the AAA Battery Pack.

Check whether there are any abnormalities in the lighting decorations.

**If there is an abnormality, please contact us in time! ! !**

Turn off the power switch of the AAA Battery Pack.

Separate AAA Battery Pack from 4-Port Expansion Boards.

Take out the USB power cord and connect it to 4-Port Expansion Boards.

Connect the USB power cord to the power bank.

Check whether there are any abnormalities in the lighting decorations.

**If there is an abnormality, please contact us in time!!!**

Separate all parts.

Put the lighting decorations back into the "1" bag to prevent loss.

Put the remaining parts back into the "2" bag to prevent loss.

start installation:

The installation is complete.

The above are ideas and instructions provided by our designers. Please move on:

1: Do you have any suggestions about the material and quality of our products?

2: Do you have any suggestions on the installation instructions and the degree of difficulty of the installation?

3: If you have better installation method and ideas, please contact us in time.
