

10279 Volkswagen T2 Camper Van LED lighting Kit (Standard Version) LG72

Instructions for installing this kit:

All parts and components used in the manual are samples, and the pictures may be different from the actual ones, and the installation will not be affected under normal circumstances. If there is a problem, please contact us in time.

Power supply mode: USB power cord (please bring your own power supply).

It can be energized through a USB battery box (please pay attention to the positive and negative poles of the battery), power bank, mobile phone charger or USB socket. The normal voltage is 3-5V.

USB connectors to connect devices

There are a total of 3 bags of this product, and AAA Battery Pack is a gift. (The battery is not provided in this product, please bring your own)

Open the bag from the place where the red line is drawn, don't tear it from the middle, so as not to damage the lighting

Lighting test:

Take out the accessories inside (accessories include: 1 AAA Battery Pack, 1 30CM USB power cord, 1 6-Port Expansion Boards). The following power supply methods use AAA Battery Pack (please bring your own battery).

Take out 1 AAA Battery Pack and turn it over to the back.

Open the power cover of the AAA Battery Pack and install the battery.(Pay attention to the positive and negative poles of the battery)

Close the power cover and flip it back to the front.

Take out the 6-Port Expansion Boards and remove its seal.

The two are connected through the interface, the connection method is as follows.

Connect the AAA Battery Pack to the 6-Port Expansion Boards.

Take out the lighting decorations in the "1" bag.

Connect the lighting decorations to the 6-Port Expansion Boards.

Turn on the power switch.

Check the lighting decorations.

If there is any abnormality, please contact us in time!

Separate lighting decorations from 6-Port Expansion Boards.

Put the lighting decorations back into bag "1".

Take out the lighting decorations from the "2" bag.

Connect the lighting decorations to the 6-Port Expansion Boards and check the lighting decorations.

If there is any abnormality, please contact us in time!

Turn off the power switch.

Separate AAA Battery Pack from 6-Port Expansion Boards.

Put AAA Battery Pack back into bag "3".

Take out the USB power cord and connect it to the 6-Port Expansion Boards.

Connect the USB power cord to the power bank.

Check the lighting decorations.

If there is any abnormality, please contact us in time!

Separate all parts.

Put the lights back in the "2" bag to prevent loss.

Put the 6-Port Expansion Boards and USB power cord back into the "3" bag to prevent loss.

start installation:

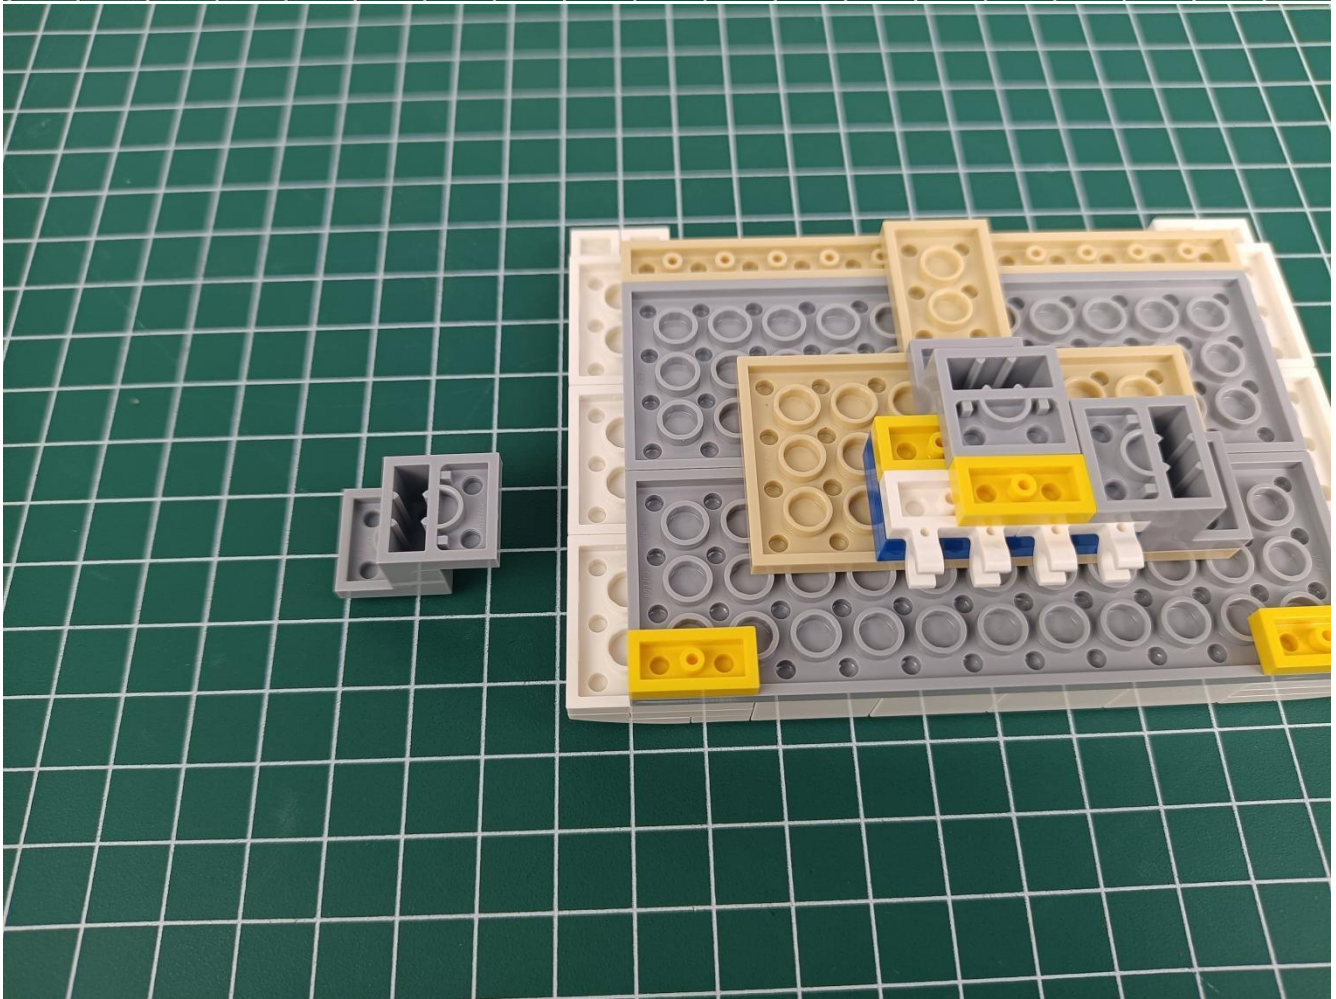

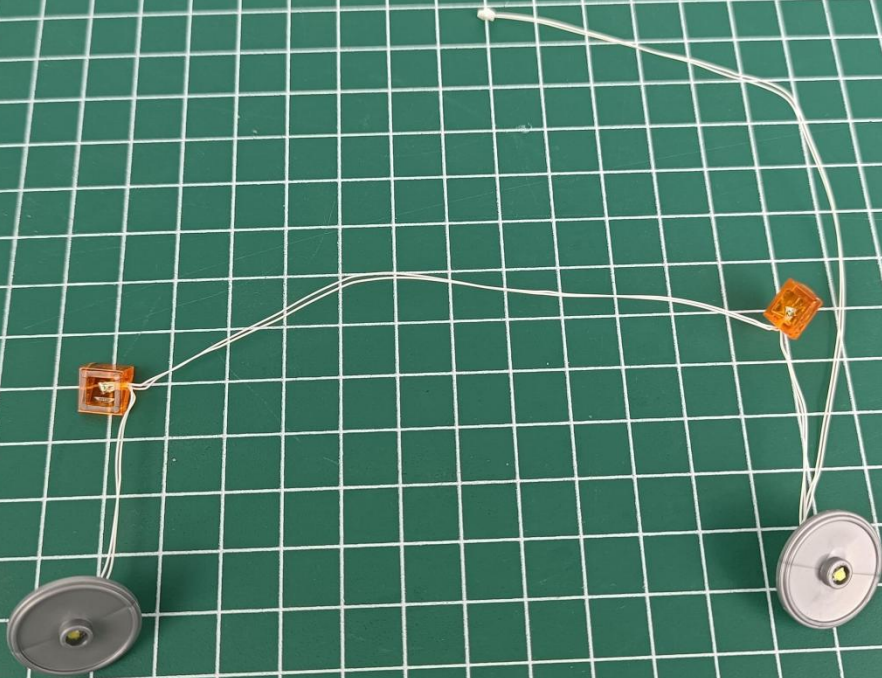

The installation is complete.
